- Discussion about whether or not the Streetscape Committee is even subject to Open Meetings Laws; was it ever really a committee formed by Town Board Motion & Vote; were committee members appointed by the Town Board?
- Benefits/Disadvantages of being an official committee vs. a citizen volunteer committee were discussed.

- Chairman Holly and the Board would like to see a public input meeting, effectively taking the Town's temperature on the project, before proceeding.
- The project is more about improving safety along the County Hwy M corridor through town; less about beautification
- This topic will be added to the Agenda of the Regular Town Board Meeting to be held on Wednesday, February 11, 2026 at 6:00pm at the Cable Community Centre.
- The Cable Forward Committee will attend the upcoming Plan Commission meeting on February 3 @ 5:00pm at the Cable Community Centre
