

TOWN OF CABLE SPECIAL MEETING

March 23, 2020 – 4:00 P.M.

Cable Town Office

MINUTES

1. Call to Order:

Chairman Rondeau called the meeting to order at 4:00 p.m.

2. Discussion/Possible Action to Purchase Sweeper

Road Foreman Jason Swanson reported that the issues raised at the last meeting regarding purchase of a sweeper do not apply to the sweeper being considered for purchase. Currently, the sweeper is in Des Moines, IA and will be transferred to St. Paul, MN. It has a 30-day warranty. He will go inspect it before purchase. The sweeper will be licensed and insured immediately for use. The Highway Contingency fund will be used to purchase the sweeper and replenished once the truck is sold.

MOTION by Supervisor Radecki, seconded by Supervisor Merrill that once the sweeper has been inspected by Foreman Swanson, purchase is approved using money from the Highway Contingency Fund. MOTION carried.

3. Discussion/Possible Action Re: COVID 19

Ambulance Director Rob Puls reported that Great Divide is having difficulty getting needed supplies. Dispatch is screening ambulance calls. Any response requires one person in full protective gear. If a situation is not life threatening, the person is not transported. The hospital is called. He urged all residents to stay home and follow CDC guidelines.

Anyone quarantined or needing groceries can contact Rondeau's. Volunteers will deliver grocery orders to the porch. It will be easier if a credit card can be used over the phone. Otherwise, volunteers will have Chlorox cloths to conduct the payment transaction.

Cable Café is delivering meals within 15 miles.

Efforts are being made to list businesses closed and businesses with limited hours. This information will be posted to the website.

Meetings will be on schedule. Residents can come if necessary. A cell phone number will be made available for anyone to call in on an agenda item.

The Annual Meeting is scheduled for April 21, 2020. Three electors are needed to attend and make a motion to postpone the meeting.

4. Other Issues

There were none.

5. Next Regular Meeting: April 15, 2020

6. Adjournment:

Chairman Rondeau adjourned the meeting at 4:30 p.m.
