

TELEMARK NORTHWOODS
COMMUNITY FOUNDATION

**Public Forum Seeking Input on Use of the Telemark Site
for the Telemark Northwoods Community Foundation
Friday August 4th, 7 p.m. at the Cable Community Center**

You are invited to a Public Forum at the Cable Community Center on Friday, 8/4/2023, at 7 p.m. to learn about the Telemark Northwoods Community Foundation (“TNCF”) and to provide feedback on possible development of a Community Center at the Telemark site.

The mission of TNCF is “to preserve the traditions of Mount Telemark by educating the public on its history, offering programs to promote its year-round natural beauty, and providing opportunities for community health and recreation to continue its culture of fitness.”

TNCF has been discussing many ideas to preserve the Telemark vision and memories. Let us know if you have memorabilia or stories to share.

Another primary objective of TNCF is to develop a Community Center that meets the needs and wants of community members. The Community Center would be on the Telemark Northwoods Lodging property and is intended to compliment other current development of the Telemark site.

Please join us to learn about TNCF and to provide input on what amenities, programs, and/or offerings community members would like to see in a local Community Center. To learn more about TNCF, please visit our website at www.telemarkncf.org. Contact Suzy Scheller, President of TNCF, with questions at suzy.scheller@gmail.com.
